Bid TC2017-36 – Town of Collierville, TN – Siren Maintenance Proposal

Over the past five years, the partnership between ANS Services and The Town of Collierville has seen our organization move office locations from Mississippi, to Louisiana, and now to a permanent home in the Central Georgia area. We greatly value the relationship that has grown between our organization and the Fire Department/Municipal Offices of the Town.

We feel that we are in an even better position now, compared to five years ago, to service and maintain the Town's Life Safety System and drive towards 100 % Reliability. This is due in large part to our Georgia based Technicians/Staff, who manage, maintain, and service over 300 Whelen Sirens in Georgia, Alabama, and of course, Tennessee. These Technicians are the "Whelen Gurus" of ANS Services Nationwide Technical Staff. The Georgia Office is fully equipped with 45' Bucket Trucks, 75' Bucket Trucks, Utility Trucks and Pole Trailers for any emergent issues that may occur.

ANS, as well as anyone in our industry, understands the immense budgetary pressure put on Procurement/Contract Offices cut costs and improve performance. That being said, and as you will see on the Bid Response Form, ANS Services is willing to honor the same per unit pricing that was submitted five years ago.
