Byhalia Road and Collierville Road Traffic Signal LOI2021-003

Responsibilities of the professional consultant engineering firm include, but are not limited to:

project management, environmental documentation and approvals, field survey, data collection, traffic signal design, traffic signal timing design, preparation of cost estimates and bid documents, agency and utility coordination, bid phase assistance, Construction Engineering and Inspection (CEI) services. If needed, the consultant shall be capable of and experienced with preparation of right-of-way (ROW) documents required to obtain TDOT ROW Certification.

Once a consultant is selected and receives a Notice to Proceed, the project is estimated to take between sixteen and twenty four months to reach the close out phase.

Firms may request consideration by submitting a LOI along with qualifications to the Town of Collierville 500 Poplar View Parkway, Collierville, TN 38017 ATTN: Procurement Manager. LOI must be received by the Procurement Manager on or before 2:00 P.M. CST, September 9, 2020. Questions related to the LOI may be submitted to Celia Rosser, Senior Procurement Specialist at (901) 457-2262. The Town is not responsible for delays occasioned by the U.S. Postal Service or any other means of delivery employed by the proposer. Similarly, the Town is not responsible for, and will not open, any LOI that are received later than the date and time stated above. The letter of interest and qualifications shall indicate the scope of services to be completed by any sub-consultants. The consultant selected for each project will enter into a Professional Services Agreement with the Town of Collierville that will be lump sum and paid through monthly progress payments.

**Phase I Evaluation**

For Phase I evaluations firms shall submit letters of interest with firm contact information including name, address and e-mail of primary contact. The letters of interest shall also include:

- Experience with traffic signal projects that followed TDOT's Local Government Guidelines for the Management of Federal and State Funded Transportation Projects. Provide separate page that lists all traffic signal projects and scope of work.
- Unlimited prequalification status
- Project capabilities of the prime consultant's staff, number of employees by disciplines, professional licensure, number of qualified local staff. Provide separate page that lists both local and non-local staff to be used.
- Listing of staff with current TDOT Certificates for the following: Local Government Guidelines for the Management of Federal and State Funded Transportation Projects; Local Public Agency Workshop-Right of Way Division. Provide list of staff and certifications of each.

From the letters of interest, the Town of Collierville will select up to three qualified firms to submit Phase II qualifications. From this list the top ranked consultant will be selected.

## Phase II Evaluation

The Town of Collierville will evaluate the selected firms from Phase 1 on the following criteria (relative weight):
