

Collierville Environmental Commission

Meeting: July 14, 2020 6:30-7:30PM

VIA Video Conference

550 Keogh Rd, Collierville, TN

Agenda

1. Call to order & Approval of June 2020 minutes
2. Collierville Forward From Val
 - a. I would like to nominate Girl Scout Troop 13141 for recognition by CEC for their efforts on completing their Silver Award. They chose to do a project on composting, which involved several hours of volunteer work and education at the Collierville Victory Garden. Many more hours were spent organizing the project, even with the added challenges of social distancing in recent months that forced them to adjust their plans somewhat. After learning about the techniques and benefits of composting, they will take their knowledge and pass it along to a group of younger scouts to complete their Silver Award requirements.
 - b. I would like to invite the troop to the July Board of Mayor and Aldermen meeting, to present a certificate of recognition to them from the CEC. After the meeting, we can do an interview with the girls so they can explain their project and encourage others to become more environmentally aware. This will be the “kick-off” for our Collierville Forward project (which we will discuss further at the next CEC meeting), encouraging citizens become “greener” in their day to day lives. They can choose how to put this into practice, but we can give some suggestions such as biking instead of driving, recycling, grass-cycling, reducing water use, composting, re-usable shopping bags, etc. We will encourage citizens to somehow quantify their efforts and report them so we can show people how the numbers add up to big changes.

3. Water / Superfund Discussion

4. E-cycle plan
